### Discover the Fine Points of Facility Coding.

Building on the foundation created in *Ingenix Learning: Medical Billing Basics* and *Ingenix Learning: Physician Offices*, this one-of-a-kind educational tool helps facility coders master effective coding skills.

- ← Speed claims and save labor costs
- ← Prepare facility coders for certification or accreditation
- ← Improve understanding and retention with visual representations

### Key Features and Benefits

*Ingenix Learning: Facilities and Ancillary Services* helps train coders in hospitals, ancillary facilities and free-standing facilities. Chapters devoted to each coding system detail the elements that impact coding efficiency and accuracy.

- **IngenixEdge®—Broad overview of the facility reimbursement process.** In-depth overview of CPT®, ICD-9-CM, DRG, HCPCS Level II, APCs and other coding systems.
- **Effective supportive material.** Illustrations, graphs, scenarios, coding tips, glossaries and other features help improve understanding and retention.
- **Complex coding scenarios.** Use examples to ensure fast, accurate facility reimbursement.
- **Insurance and payer background.** Make sense of the alphabet soup of different types of insurance and payers.
- **DRG, revenue code, APC and ASC information.** Pursue appropriate revenue in these systems.
- **Chapters for HIPAA and ICD-10-CM issues.** Prepare for these important developments in coding.
- **Part of the Ingenix Learning educational series.** Use this with other Ingenix publications and software for consistent, accurate training.
