Item Number: 3460

Available: Now

Price: \$949.95

Simultaneously Search Across All Three Code Sets.

Practices billing Medicare Part B and private payers can reference procedure, service/ supply and diagnosis codes and their coverage as well as *Coders' Desk Reference* lay descriptions for thousands of CPT® and HCPCS codes with this software. Plus code confidently throughout the year with automatic complimentary code updates.

- ← Eliminate time-consuming code lookup in multiple books
- ← Improve productivity with efficient claim preparation
- ← Reduce claim denials

Key Features and Benefits

The top of the line, **Encoder Pro Expert** combines compliance editing and fee calculation with the powerful ability to search simultaneously across ICD-9-CM, CPT® and HCPCS codes and Medicare coding guidelines, delivering integrated search results, code details and lay descriptions, plus audit and report functionality.

- **Compliance editor.** Check for coding accuracy and review your code selections for CCI unbundle edits, ICD-9-CM specificity, age, medical necessity and gender.
- **Fee calculator.** Helps you calculate the Medicare reimbursement rate for your area.
- **IngenixEdge®—Access local coverage determinations (LCDs) and Medicare's Pub. 100.** Check procedures for Medicare coverage instructions and medical necessity edits.
- **Crosswalking.** Links procedure codes to corresponding diagnosis and supply codes immediately.
- **Modifier crosswalk.** Guides you to the correct modifiers when billing payers. Helps you associate modifiers with selected procedures and services for cleaner claims.
- **IngenixEdge®—Powerful Ingenix CodeLogic™ search engine.** Search all three code sets simultaneously using lay terms, acronyms, abbreviations and even misspelled words.
- **Quarterly update service.** Rest assured you are always using accurate codes. Code confidently throughout the year with complimentary code updates.
- **Plus includes all the features of the Encoder Pro Professional.**

The screenshot displays the Encoder Pro Expert software interface. At the top, the title bar reads "Encoder Pro Expert" and the menu bar includes "File", "Edit", "View", "CPT", "History", "Updates", and "Help". The main header features the "Encoder Pro Expert" logo and the "INGENIX" logo with the tagline "Powered by Ingenix Code Logic™". Below the header, there is a search bar with "All Code Sets" as a dropdown menu, "INJECTION" as the search term, and a "Search" button. To the right of the search bar are "Deleted Codes" and "View" buttons. A toolbar with various icons is located below the search bar.

The main content area is divided into two panels:

- Tabular Results:** This panel shows search filters for "ICD-9 Vol. 1", "ICD-9 Vol. 3", "CPT", and "HCPCS". It includes a "Revert" button and a "Narrow results by section" link. A tree view on the left lists categories such as "Vitreous", "Intra-Arterial - Intra-Aortic", "Venous", "Injection", "Probing and/or Related Procedures", "Intravenous", "Other Procedures", and "Operations on the breast". The "68850 Injection of contrast medium for dacryocystography" code is highlighted. Below the tree view, it states "Total matches: 363" and provides a "See Index listing" link.
- Code Detail:** This panel shows the selected code "68850 Injection of contrast medium for dacryocystography" under the heading "Lacrimal System - Probing and/or Related Procedures". It lists several related codes:
 - 68801: Dilation of lacrimal punctum, with or without irrigation
 - 68810: Probing of nasolacrimal duct, with or without irrigation;
 - 68811: Probing of nasolacrimal duct, with or without irrigation; requiring general anesthesia
 - 68815: Probing of nasolacrimal duct, with or without irrigation; with insertion of tube or stent
 - 68840: Probing of lacrimal canaliculi, with or without irrigation
 - 68850: Injection of contrast medium for dacryocystography
 Below the code list, there are two CMS-related notes: "Multiple Surgery Reduction Applies" and "Bilateral Surgery Allowed".

The status bar at the bottom left of the window indicates "Ready".
